PROFESSIONAL SUMMARY

2D Game Artist and Illustrator with 8+ years in game production and previous experience as Lead 2D Artist. Delivered 250+ game and marketing illustrations at GAMETEQ and led a team of seven artists at DEFU Games. Creates characters, environments, props, UI graphics and finished illustrations, with a focus on realism and semi-realism and experience across casual/mobile projects.

CORE SKILLS

2D production: sketches, thumbnails, design variations, character and environment art, turnarounds, prop sheets, isometry, icons and UI graphics.

Production handoff: layered PSDs prepared for Spine animation, separated parts, animation overlaps and hidden-area painting.

Art direction and leadership: style guides, brand identity, planning, hiring, mentoring, art reviews, paintovers and cross-team collaboration.

Tools: Adobe Photoshop, Clip Studio Paint, Adobe Illustrator, Blender, Figma, Trello, Jira and Miro. Practical 3D modelling, blockouts, textures and shaders.

Additional AI production: commercial use since late 2022; Stable Diffusion, FLUX, ComfyUI workflows and custom nodes, LoRA training, ControlNet, IP-Adapter and Photoshop finishing.
